The New England Nursing Informatics Consortium (NENIC) and Boston Children’s Hospital are proud to jointly offer this exciting educational opportunity. This one-day symposium will address the theme of *Nurses Transforming Healthcare Through Data and Innovation*. A special focus this year will be on the Communicating Narrative Concerns Entered by RNs (CONCERN) study clinical decision support (CDS), reducing the burden of documentation, patient safety and artificial intelligence.

There will be time for you to interact with the national and local presenters and network with your colleagues to share insights and experiences throughout the day. In addition, dedicated time will be set aside for member highlights, member poster presentations and exhibitors. Our featured speakers this year include:

**Patricia C. Dykes PhD, RN, FAAN, FACMI**
